SUSTAINABLE DEVELOPMENT GOALS SUMMIT 2022

14th – 16th January

Powered by
Aspirant Learning
(A.I.I. Learning Foundation)

MESSAGE FROM THE PRINCIPAL

Regy Joseph (Sr. Arti)

The love for God is the love to protect the environment.

My heart is filled with immense gratitude to the Almighty God for the light and good health that he bestows upon us all.

The trying times have been a continuous test for us to find the strengths and resilience hidden in us as human beings. The pandemic, however, is not the only foe. As we see the threat of environmental change becoming a looming crisis visible on our horizon, we can hope for God to guide our paths once again and give us the hope to persevere through this predicament.

Universal brotherhood and cooperation are the need of the hour. Therefore, Sacred Heart Senior Secondary School has envisioned Sustainable Development Goals Summit 2022 which is a step forward in this direction.

The event, being organised by the thoughtful team at our School is a step towards saving and creating awareness about the environment that God so gifted us with. The Summit contains a wide array of events and programmes based upon the theme of the 17 SDGs which the United Nations has enlisted that all of us could strive towards achieving the ultimate goal of sustainability.

We hope that students participate in overwhelming numbers and take something worthwhile from the same. We also hope that parents support and encourage their children to participate, just the way they have supported their children in pursuing education. Together, we may give our children the roots to grow and the wings to fly.

By God's will, we hope this Summit will be a huge success.

MEET THE TEAM

Welcome to the first-ever edition of Sustainable Development Goals Summit 2022. It is my utmost honour to serve as the Coordinator for the Summit here at Sacred Heart Senior Secondary School.

This Summit is a step from our side to take forth the agenda of environmental well-being. I hope this Summit helps our children to take a step towards becoming responsible Global Citizens. We intend to create individuals who are sensitive towards the changing global scenario and are willing to access their citizenship to become the confident future leaders of tomorrow by exploring the quintessential skills of debating, research, and analysis.

Ms. Jasmine Gill
Faculty Co-Ordinator

Mr. Priyanshu Grover
Summit Director

I am extremely grateful to Sacred Heart Senior Secondary School for having given me the opportunity to serve as the Summit Director for Sustainable Development Goals Summit 2022. It gives us immense joy to provide students with a forum to discuss, negotiate, and ponder on matters of critical relevance. Sustainable Development Goals Summit 2022 aims to bring forth and discuss the 17 SDGs so enlisted by the United Nations to curb the environmental change that the world is facing right now. We welcome all the students to the Summit 2022 with their bright inquisitive minds and learn more about the environmental crisis that the world is going through while providing their own insight in matters of global relevance.

I am extremely delighted to welcome you all to the Sustainable Development Goals Summit 2022. The need is not just to be aware, but to actively indulge in activities that would aid the ailing Earth. This incredible initiative by Sacred Heart Senior Secondary School to organise the Sustainable Development Goals Summit 2022 aims to bring forth exactly the kind of awareness required for the betterment of the environment. There will always be more to talk on the subject but I welcome you all to the Summit that aims to give a glimpse into the Sustainable Development Goals and their purpose through the multiple events so organised.

Mr. Adarsh K. Singh
Convener
